FAVRET ART MOSAICS

Kind Prof. Ann Makolkin for us is a honor to have his/her contribution on the mosaics from us realized in Canada.

To have further news on the history of our activity that this year turns 75 years old you/he/she can have information visiting the site internet www.favretmosaici.com (also in language English) where you/he/she can surely find what it looks for. You/he/she can use our photos in his/her book and if the information from the site were for her enough it will be a pleasure to be to his/her disposition.

The FAVRET Mosaici was born in 1933 and you/he/she was founded by my grandfather Luciano Favret that to that time it was one of the greatest artists to the world of mosaic following his/her death in 1967 to the age of years 26 Father of mine Fabiano Favret inherited the firm that thin to today together with the undersigned Paul Favret is still working in the sector of the artistic mosaics of quality.

The work most important realized by the Favret Mosaici where the jobs start in 1982 and they are still in progress they are found in the Cathedral Of SAINT. Paul To HARISSA Beirut LIBAN where the applied mosaics cover a surface of 2.800 mqs realized by Fabiano & Paul Favret.

It would be for us a honor once realized the book to have a copy of it to be able to view and to insert in our files. We remain to his/her disposition and I/you/he/she excuse us for the delay to the answer to his/her letter. We thank her and we cordially greet her/it

Paul Favret, Fabiano Favret.
