FAVRET ART MOSAICS

Thank you for the appreciation for the work we carried out in Canada. We would be very pleased to send you some photos relative to the installation of the head of the Madonna with the installer (Fabiano Favret). At the moment we are searching our archives for other documents to send you together with the photos.

We thank you again and we wish to inform you that Favret Art Mosaics is at your complete disposal for eventual information or commissions.

Your Faithfully.

Paolo Favret, Fabiano Favret.
